NICK J SMIT: FATHER, FRIEND, AND CHAMPION FOR RECOVERY

Nick was a loving and supportive father to his 4 children who he loved dearly. Nick was a friend to everyone he came into contact with. He was an incredibly generous, honest, and fun loving human being. His goal was simple. He wanted to help as many people as he could.

Nick was a car guy and was the General Manager and Partner of Gresham Subaru for over 25 years. He used his position to help people get the car of their dreams and support various non-profits, including being a founding member of 4D Recovery, a non-profit dedicated to helping young people overcome addiction.

During his time at Gresham Subaru, Nick raised over \$300,000, and that relationship with Gresham Subaru is still on-going and providing impactful support to expand our mission today.

4D was honored to memorialize his legacy by developing the Smit Scholarship, a fund 4D uses to help one young person purchase a car each year.

Additionally, 4D opened the Smit Center which helps hundreds of young people through peer mentorship, a drop-in center, recovery events and meetings- all created by and for young people in recovery.

Nick dreamed of having a center in Washington, where he lived, and 4D is committed to seeing his dream a reality.

We look forward to once again achieving a goal that was all apart of Nick's hope for the future of recovery support services for local youth and young adults.

Thank you for your interest in supporting this Golf Tournament, to see Nick's dream realized, as we aim to expand our mission to Washington State..
